

ALIF DANIAL

COMPUTER SCIENCE STUDENT

Final-year Computer Science student with a strong interest in cloud computing and DevOps. Experienced in deploying a personal resume website using AWS services like S3, CloudFront, Lambda@Edge, and DynamoDB. Familiar with CI/CD using GitHub Actions. Eager to learn and contribute to real-world cloud projects during an internship.

EDUCATION

Expected Feb 2026

Bachelor of Computer Science (Hons)

Management & Science University (MSU), Shah Alam

Graduated Feb 2022

Diploma in Mechanical Engineering

Politeknik Melaka

EXPERIENCE

Sep 2021 – Feb 2022

CTRM Aero Composites

Intern

Assisted with technical documentation, digital record updates, and Microsoft Office tasks as part of the engineering support team.

CERTIFICATIONS

AWS Cloud Quest: Cloud Practitioner

Amazon Web Services (AWS)

[View Credential](#)

LANGUAGES

- Malay (Native)
- English (Intermediate)

PROJECTS

Personal Resume Website on AWS Cloud

Built a personal resume website using HTML and CSS to showcase my skills, education, and experience. Integrated a CI/CD pipeline using GitHub Actions to automatically deploy the site to AWS S3 every time I push updates to GitHub. [View on GitHub](#)

Visitor Logging System with AWS Lambda@Edge

Added a real-time visitor tracking feature to my CloudFront-hosted resume website using Lambda@Edge. Each visit triggers a Lambda function that logs the visitor's IP, timestamp, and user-agent to DynamoDB. IAM roles and trust policies were set up to ensure secure edge execution.

SKILLS

- **Cloud:** AWS S3, IAM, CloudFront, Lambda (basic), DynamoDB
- **DevOps:** GitHub Actions, CI/CD pipelines
- **Web:** HTML, CSS, JavaScript
- **Programming:** Python, Java, C++
- **Database:** MySQL (basic)
- **OS:** Ubuntu, Kali Linux
- **Other Tools:** Git, Microsoft Office, VS Code
